

AGRICULTURE PROPERTY NOTICE

The farmers of Monroe County welcome you to the country. We hope that you will enjoy the many benefits of rural living, many of which include large open spaces, privacy, wildlife, and beautiful scenery.

This is just a reminder that you will be building in an agricultural district where there may be farm related dust, noises, odors, long field operating hours, and other activities related to agriculture.

Please try to cooperate with your farm neighbors as under Michigan law they have "the right to farm" as long as they use approved farm practices.

If you have any problems related to farming or a particular farmer, please contact the Monroe County Farm Bureau, which is made up of farmer representatives from each township in Monroe County. Again, we welcome you and ask for your cooperation and support.

Thank you,

Monroe County Farm Bureau, Inc.
8300 Ida West Road
Ida, MI 48140
